 Press Release

# Inspiring Workplaces announces its 2020 Top 101 Global Employee Engagement Influencer list

**Global – October 06, 2020** – [Inspiring Workplaces](#) today announces its complete 2020 #Engagement101 list. Compiled with contributions from all around the globe, the list includes top influencers, practitioners and experts in the world of Employee Engagement and Experience.

This is the fourth time the annual list has been published, but the first time as Inspiring Workplaces (formerly The Employee Engagement Awards and Alliance). It recognises people from all walks of business: the boardroom, HR, wellbeing, employee experience, diversity & inclusion, internal communications, finance, technology and entrepreneurs. Each one has made a significant contribution to the development of Employee Engagement and the world of work.

Some inspire action, some educate, some recognise, and some have influence via social media. Some rip up the old and create new ways to engage people. But, all of the #Engagement101s are passionate about people and humanising the workplace.

The #Engagement101 is updated every year to take account of changes in the discipline and to recognise the people who have contributed something new.

Matt Manners, founder of Inspiring Workplaces, said: “Our organization’s purpose is to change the world, through the world of work. We created this list to be a source of inspiration. We want it to trigger people to emulate the [#Engagement101](#) and inspire others from all walks of life. Now we are going to take it to the next level and collaborate with this community to deliver valuable outputs for the wider world of work. Watch this space over the next 12 months.”

## #Engagement101

## Profiling and co-creating with the #Engagement101

Some of the 101s will be invited to speak at various events online and offline – a perfect opportunity to draw inspiration from their thinking and to meet them face-to-face.

Throughout 2020 and 2021 we will be collaborating with this influencer community to create valuable outputs: guides, ebooks, webinars and much more for the wider world of work.

### **Are you an influencer within your world of work? Enter Inspiring Leaders Now.**

2020 has brought some of the most challenging socio-economic times people will ever face. And with them a real test of leadership. Inspiring Leaders 2020 is a vehicle to recognize people who have stepped up to help individuals, teams and organizations navigate personal and business challenges, and make a contribution to make their business, their community and the world a better place.

We believe these leaders – who can be at any level in an organisation – from the frontline to the C-suite – possess the characteristics above. We want the award submissions to shine a light on these qualities.
